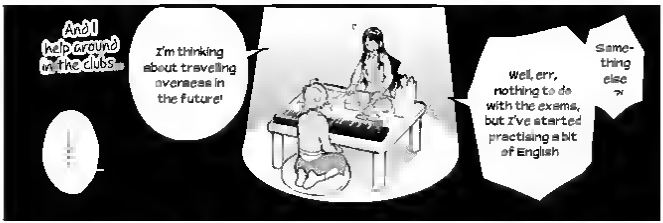
番外編

So.
And I will help you.
find what you're looking for
LOOKING FOR
Let's figure out what you like or don't like!
By the way just for reference.
Anything that piques your interest among all this?
But it would certainly be better if you could find yourself a real passion!
I don't think you're "empty"...as she put it.

What do you do during your breaks?
Huh.
What do I do?!

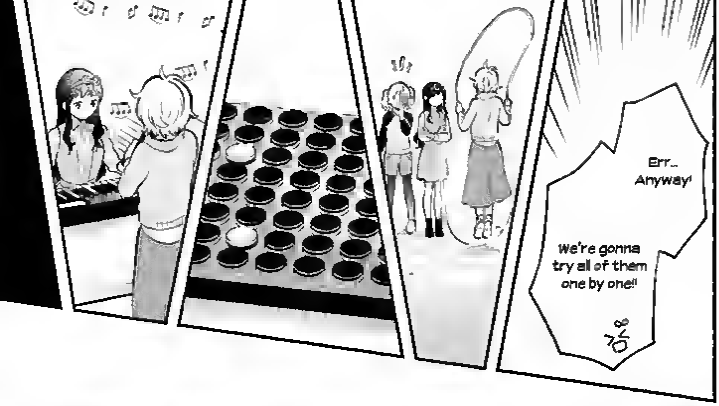
And lately, I've started preparing for next year's exams!
Anything else?

Well, err... I study and I prepare my lessons
Anything else?



And I help around in the clubs
I'm thinking about travelling overseas in the future!
Well, err, nothing to do with the exams, but I've started practising a bit of English
Something else?

I have a feeling she might be the wrong person to help me...



Err... Anyway!
We're gonna try all of them one by one!!

Maybe you're afraid to just beat every record if you actually went full throttle..
Weird there's a 3 here, but..
She's stuck to her sudoku.
Hm? Wait I can't there's a 7 in the way!

Not really into it, huh?
Hrmm.

Well... There's at least one thing I know for sure

I can enjoy anything, as long as I'm doing it with you.
WHAT...
おおおお

Meanwhile, on Machida's side...
Could she still be mad about last time?
But I don't know anything about her life.
I'd like to help her...
Kurosawa always looks lost in her thoughts.
Leave it to me! I'll intercede!!
Machida... I'd like to make up with that girl.
If only she could come ask me for advice.
Eheheh..
Oh no... I'd do anything for you, Kurosawa...
Machida... I knew I could rely on you.

But I didn't do anything, in the end!
Winter break is over...
And Kurosawa has returned to her usual self
'Morning
Good morning, Kurosawa!
Why, even though everything went so smoothly in my mental simulation?
How strange.

It all shrunk quite a bit, huh...
At first, I had entered the club to get inspiration from Kurosawa-senpai...
But I must admit I'm really fond of the other two senpai too.
Well I guess it's more fitting for the size of our club
But something's been bugging me, lately..
Senpai..

Those two are always hanging around at the club.
Don't they have exams to prepare for?
Sure, we only hold activities once a week, but still...
Don't ask me.
You think they don't really trust us?
You should tell them not to worry!
...
What? Our exams?
?
My prep school is just around the corner!
So I can easily pay you a little visit every day!!
...Doomed

Towako and I were already accepted by recommendation.
Heh Heh
You're more diligent than you let on, Ooshiro-Senpai!
Congratulations!
So that's what it was!
[Sigh]
We're really gonna miss you two around here.
But then, once you graduate, we won't be seeing you anymore.

Oh, don't worry, we got into Seiran University
So we can come here pretty much whenever we want
It looks like the gardening club that I like...
Will go on for a little longer!
Hey, Kurosawa! At least try to pretend you're happy!!

Postscript

Until now I had more or less skipped seasonal events in the story (except in a couple of bonus chapters) but this time I was gonna show that I can write about that stuff too! It's in that state of mind that I did a Christmas chapter in August. Canno here. What do you mean you already know that???

Once again, thanks to the editorial department of ALIVE, to my designer Seki to Yui and Sazae who helped me out, to Nakamura who taught me a few things about piano and to all those who helped this volume come to life. And of course, many thanks to all my readers for their support. Thank you so much. Volume 8 should once again be centered on Shiramine and Kurosawa. I hope to see you soon!
